Macabebe Association of Southern California

Dear friends:

Congratulations to you on your 31st annual town fiesta.

This is a wonderful opportunity for families to gather together and celebrate their roots. Where we come from, the people that make up our past is essential to who we are. A vivid memory of the past helps us to project ourselves toward the future. You are blessed to have these contacts with your culture of origin.

My best wishes to all the members of the Macabebe Association and their families. I pray for the success of this annual event that brings so many of you together. May it be a splendid event, a celebration of your culture.

May the Lord bless you who have immigrated to this country and to this state. May God also bless those who continue to live in your homeland.

Best wishes,

Rev. Richard Zanotti, CS
(Pastor)
